

Moda

Designer Wooden Flooring

Moda is a curated collection of pre-finished engineered timber flooring with a unique finish. Moda flooring is available in planks with popular colours also available in designer patterns including chevron, herringbone and rhombus.

Crafted in Europe from sustainable certified European Oak, Moda is eco-friendly both in the way it is produced and sourced.

If you would like to find out more information visit the Floorboards showroom at 79 Church Road, Hamilton or phone 07 959 1861.
